## ABOUT

---

Enthusiastic Computer Science student eager to apply classroom knowledge to real-world challenges. Adaptable team member with strong communication and problem-solving skills. Seeking opportunities to enhance and apply my skills in web and game development.

## EDUCATION

---

### Jyothy Institute Of Technology

*Bachelor Of Engineering(B.E) in Computer Science*

Present

*Current GPA : 8.4/10.0*

## SKILLS

---

**Languages:** C/C++ , Java , Python

**Tools:** GitHub , Visual Studio Code, Visual Studio 2022, Eclipse , Godot

**Database:** MySQL

**Technologies:** GitHub , Linux

**Design:** Figma

## EXTRACURRICULAR AND HOBBIES

---

Passionate about web and game design, with a focus on immersive programming projects and creating visually stunning websites. Actively participate and lead teams in fashion events, showcasing a diverse set of skills in both technology and leadership.

## PROJECTS

---

### Avatar: A 3D Customiser Website | *ReactJS, ThreeJS, NodeJS*

July 2024

- Developed an immersive 3D personalization tool allowing users to interactively rotate and zoom items with extensive color customization.
- Integrated custom logos and AI-generated designs using OpenAI.
- Optimized performance using Vite and React Three Fiber for fast loading and smooth 3D rendering across devices.

### Aurora: Your Daily Weather Guide | *GODOT Engine 4 and GDScript*

August 2024

- Designed Aurora to display real-time weather conditions like temperature, wind speed, and humidity.
- Implemented a search function for easy city-specific weather information.
- Created a dynamic interface with changing backgrounds and icons based on the current weather.

### Nike Shopping Website Design | *Figma Prototype*

November 2023

- Collaborated on a team project to design a Nike Shopping Website.
- Utilized Figma to create an interface that integrates captivating design elements for an easy online shopping experience.
- Developed a strong understanding of Figma and its features.

## CERTIFICATIONS

---

**Foundations Of User Experience (UX) Design | *Coursera***

Jan 2024

**RedHat Certified System Administrator (RHCSA) | *RedHat***

Nov 2023

**UI/UX Design Internship | *Varcons Technologies***

Oct 2023

**Python Programming | *Tequed Labs***

July 2022
